OPTOMETRY'S
MEETING APP!**

Coming soon: instructions on how to claim CE credits on the app and on your computer

All continuing education courses except workshops are included in the inclusive registration fee; pre-registration is not required. Courses are limited by room capacities; admittance will be on a first-come, first-served basis. Workshops require advance registration, and space is limited.

All courses will be conducted at America's Center. Room number is listed in the grids.

Students and paraoptometrics may take any course on the doctor of optometry program. Courses specifically for paraoptometrics have course numbers that begin with the letter "P." Students and paraoptometrics may take all OD workshops except the two surgery workshops.

The accreditations listed were current at the time of publication. Please refer to the Optometry's Meeting mobile app or optometrysmeeing.org for current CE approvals and course descriptions. Program is subject to change.

For questions on-site, please visit the CE office in Room 255 at America's Center.
